### To complete this form

1. Read the **Course Descriptions** enclosed to identify courses of interest. ESP/AESP students take 1.0 First-Year Seminar, and a maximum of 2.0 elective credits.
2. Consult the **Class and Workshop Schedules** and use the **blank schedule sheets** enclosed to avoid choosing conflicting courses for your top choices (i.e. your top FYSM choice and top 2 electives and their workshops). Note: Some elective courses have more than one section and are listed on the reverse side twice; this is the same course, just taught at different times (possibly) by different Instructors. The time each section is offered is listed below the course title. Choose the section according to what works with your other courses and your own preferences.
3. On the reverse of this form rank the **four first-year seminars** that most interest you, in order of preference. We will register you in just one seminar. (Hopefully, your first choice, as long as it's not full and works with your other course and workshop choices.)  
*AESP and second-year students do not have to rank choices of FYSM.*
4. On the reverse of this form rank the **five elective courses/credits** that most interest you, in order of preference. We will register you in 2.0 credits. Hopefully, you'll get your first two choices, as long as they are not full and work with each other (including the workshops that correspond to each choice) and your FYSM choice.
5. Fill all fields and sign the form.
6. We will make the final selection of the **one seminar** and the **two elective credits** and register you in courses and workshops.
7. We will begin student registration **August 1<sup>st</sup>**. See the Student Handbook & Registration Guide for details on how to check your timetable on Carleton Central.

**Course Times**  
M=Monday  
T= Tuesday  
W=Wednesday  
R=Thursday  
F=Friday  
  
\*For example, courses listed TR 10:05-11:25, are offered both Tuesday and Thursday from 10:05 to 11:25

### Please note

- Courses are assigned on a first-come, first-served basis, so it is to your benefit to attend a *Registration Information Session* as soon as possible. The first session will be held **July 21<sup>th</sup>**
- If you cannot attend a Registration Information Session, return your form to the ESP Office by fax, email or mail.
- Please note priority will be given to those that are submitted at the first registration session on July 21<sup>th</sup>.
